The Directors of Webjet Limited (**Webjet, the Company, Group**) present the financial report of the Company and its controlled entities for the half-year ended 30 September 2023.

Directors

The Directors of the Company during or since the end of the half-year are:

- Roger Sharp (Chair and Independent Non-Executive Director)
- John Guscic (Managing Director)
- Don Clarke (Deputy Chair and Independent Non-Executive Director)
 Brad Holman
- (Independent Non-Executive Director)Denise McComish
- (Independent Non-Executive Director) • Katrina Barry
- (Independent Non-Executive Director) • Shelley Roberts
- (Independent Non-Executive Director) resigned on 22 November 2023

Principal activities

The principal activity of the Group is the online sale of travel products, including flights and hotel rooms. The Group's business consists of a B2B wholesale division – WebBeds – and two retail B2C businesses – Webjet OTA and GoSee.

B2B – Hotels distribution

WebBeds

WebBeds, the Company's business to business (**B2B**) travel business, is a global marketplace for the travel trade, providing powerful hotel distribution solutions that make selling and buying accommodation and ground travel services easier. WebBeds sources hotel inventory from travel suppliers, connects, aggregates and merchandises that content in their platform, the WebBeds Marketplace, and distributes it to a global network of travel buyers (distribution partners), who sell to the travelling public. WebBeds is one of the few truly global B2B providers, offering extensive global reach for both its hotel supply partners (looking to sell their hotel rooms) and its customer network (looking to access hotel room inventory).

WebBeds offers rooms at more than 430,000 hotels around the world. Our hotel supply partners include over 31,000 directly contracted independent properties, over 62,000 directly contracted chain properties and 77 integrated third-party wholesalers. WebBeds also offers a wide range of ground and transfer services. WebBeds provides its customers with fast, easy access to global hotel room inventory. WebBeds distributes its products to a global network of more than 44,000 customers across retail, wholesale and emerging channels. Customers include retail and corporate travel agents, OTAs, wholesalers, tour operators and Super-Apps. WebBeds' multi supply aggregation strategy enables it to offer customers the greatest breadth and depth of hotel room inventory at highly competitive prices.

Webjet OTA

Based in Melbourne, Australia, Webjet OTA is the #1 online travel agency (**OTA**) in Australia and New Zealand, with more than 50% of the entire OTA flights market in Australia and New Zealand.

Webjet OTA's focus has always been to offer the greatest convenience and choice by enabling customers to compare, combine and book the best domestic and international travel flight deals, hotel accommodation, holiday package deals, travel insurance and car hire worldwide. Since its inception in 1998, Webjet OTA has been at the forefront of online innovation, leading the way in online travel tools and technology. Webjet offers unparalleled travel choice, 24/7 customer support, a wide choice in payment options and award-winning customer service.

GoSee

Based in Auckland, New Zealand, GoSee is a market leading specialist in the provision of rental car and motorhome bookings. Prior to November 2021, GoSee operated two separate websites – Motorhomes Republic (the #1 global motorhome rental site) and AirportRentals (the #2 car rental site in Australia and New Zealand). Since November 2021, GoSee customers are also now able to access all cars and motorhome inventory through a single, easy-to-use GoSee website.

(1) Total transaction value (**TTV**) is the gross transaction price on a booking. This is used by management as a performance indicator for the segments.

(2) Excludes interest income.

 (2) Excludes interest income.
 (3) EBITDA = Earnings before interest, tax, depreciation and amortisation. It also excludes share based payments expenses to provide a better understanding of the financial performance and allow more representative comparison between financial periods.

(4) The useful lives of the capitalised development intangible assets - booking platforms were reassessed during the prior period.
(5) Acquisition amortisation represents amortisation on the additional intangible values recognised under AASB 3 following a business combination of \$8.0 million and impairment charge on an associate of \$11.0 million.

(6) NPAT A, represents the NPAT before acquisition amortisation and provides an alternative view of the profitability of the Group.

The financial results for the 6 months ending 30 September 2023 reflect the continued rebound in travel as restrictions lift and international travel resumes. All key metrics were materially ahead of the prior period with Bookings up 27% over 1H23 to 4.37 million, TTV up 35% to \$2.89 billion, Revenue up 39% to \$244.5 million and EBITDA up 41% to \$102.1 million.

WebBeds delivered significant growth over 1H23 and TTV, Revenue and EBITDA were all ahead of pre-pandemic levels. Booking volumes were 50% more than pre-pandemic levels driven by outperformance in APAC, North America, and Europe. EBITDA was 41% higher than 1H23 and 23% higher than pre-pandemic levels reflecting increased share of wallet coming through and EBITDA margins above 52%.

Webjet OTA reported strong growth over 1H23 as international airline capacity returned, although capacity remains below pre-pandemic levels. TTV was back at pre-pandemic levels reflecting higher average booking values driven by international and limited supply. Revenue and EBITDA were all up compared to the prior period driven by significant rebound in international bookings, new revenue sources and continued focus on cost efficiencies. EBITDA was 24% higher than 1H23 and EBITDA margins were back to pre-pandemic levels.

GoSee reported strong improvement on Bookings, Revenue and EBITDA compared to 1H23. TTV was down slightly in line with lower average booking values compared to the prior period. EBITDA was up 83% over 1H23 but below pre-pandemic levels reflecting lower inbound tourism into its largest markets and continued supply chain challenges, particularly in Motorhomes. Non-operating expenses were the result of expensing costs relating to capital management initiatives (\$0.6 million). Non-operating expenses in the prior period related to ERP implementation costs across the Group (\$5.4 million).

Depreciation and amortisation expenses decreased from the prior period as a result of the previous reassessment of useful lives of the capitalised development intangible assets – booking platforms arising from the ERP implementation, offset by an impairment charge (\$11 million) recognised on an investment in an associate.

Interest expenses increased due to higher costs associated with hedging arrangements.

As the Group was profitable for the half year, the Group is in a tax payable position prior to the utilisation of historical accumulated tax losses.

Additional commentary on performance is included in the ASX release and investor presentation lodged with the ASX on 22 November 2023.

Cash and cash equivalents increased from March 2023, mainly attributable to cash inflows from operations of \$168.7 million due to the continued resumption in travel and resulting trading profits. This was partially offset by investments made of \$29.2 million and a further \$23.1 million spent on essential and strategic capital expenditure projects and initiatives.

Trade and other receivables increased during the year due to higher trading volumes in WebBeds and continue to be managed in line with the enhanced credit policy.

Intangible assets increased primarily due to the impacts of FX (\$29.2 million), with current period capital expenditure of \$19.2 million offset by amortisation charges of \$28.5 million.

Other assets increased primarily due to the \$33.1 million investment made as part of ongoing capital management initiatives. Refer to Note 7 for further details. Trade and other payables have increased in line with TTV growth in WebBeds with payment terms consistent with previous periods.

Other current liabilities decreased primarily due to the \$18 million movement in deferred revenues on satisfaction of attached performance obligations.

The movement in borrowings during the period is due to the amortisation expense related to the Convertible Notes, as they approach the put option date on or about 12 April 2024. Refer to Note 8.2 for further details.

The movement in other non-current liabilities during the period is primarily due to the increase of lease liabilities on term extension of Melbourne and London office spaces.

The movement in issued capital is as a result of exercise of rights and options held by KMP and key staff. Refer to Notes 9 and 11 for further details.

The Board of Directors Webjet Limited Level 2, 509 St Kilda Road Melbourne VIC 3004

Dear Board Members

Auditor's independence declaration to Webjet Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Webjet Limited.

As lead audit partner for the review of the financial statements of Webjet Limited for the half-year ended 30 September 2023, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely

Independent Auditor's Review Report to the Members of Webjet Limited

Conclusion

We have reviewed the half-year financial report of Webjet Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 30 September 2023, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cashflows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 10 to 26.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 September 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Liability limited by a scheme approved under Professional Standards Legislation. Member of Deloitte Asia Pacific Limited and the Deloitte organisation.

Deloitte.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 September 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

(1) Includes consolidation of Technology investments.

(2) Total transaction value (TTV) is the gross transaction price on a booking. This is used by management as a performance indicator for the segments.

(3) The Group is considered an agent in providing travel services and only recognises net commission receivable as revenue.

(4) Represents Earnings Before Interest, Tax, Depreciation and Amortisation, Share-based payment expenses and Non-operating expenses.

(5) Statutory EBITDA excludes impairment expense charged against Investment in Associate for the period.

(6) Acquisition amortisation represents amortisation on the additional intangible values recognised under AASB 3 following a business combination.

2 Revenue

2.1 Disaggregation of revenue

Revenue by segment, disaggregated by major revenue stream and timing of revenue recognition is as follows:

One-off IT implementation costs ⁽¹⁾	_	5.4
Other	0.6	_
Total	0.6	5.4

(1) In the prior period, the Group assessed its costs relating to SaaS arrangements, which primarily related to the ongoing ERP implementation, and concluded that all such design, build/configuration and testing costs should be expensed. These costs are presented within non-operating expenses as the costs reflected initial configuration, design and build costs for the ERP platforms and were not considered part of underlying business performance. In the current period, post implementation, all

ERP platforms and were not considered part of underlying business performance. In the current period, post implementation, all associated ongoing costs such as licensing, maintenance and sundry fees have been presented as normal operating expenses. This classification is consistent with Management's disclosure of SaaS implementation costs in the March 2023 Annual Report, outlining the rationale for the classification as part of the year end investor communications.

3.4 Impairment expense

Management has revised its estimates of recoverable amounts, based on the future forecast cashflows from its associate ROOMDEX Inc. and concluded that the Group's investment in its associate was impaired. As such, an impairment charge of \$11 million was recorded during the period, reducing the carrying value to \$nil.

Subsequent to the reporting date, the Group acquired all of the assets of ROOMDEX Inc. for a nominal amount and has integrated it into the B2B segment. Refer to Note 12 for further details.

3.5 Finance costs comprise:

 Restricted cash relates to cash held within legal entities of the Group for payment to product and service suppliers or cash held for supplier guarantees. Restricted cash includes monies paid to the Group by customers for payment to local International Air Transport Association (IATA) for ticketed travel arrangements.

5.2 Operating cashflows reconciliation

Webjet considers the indirect method the more appropriate way to present cashflows for its business due to WebBeds customers and suppliers who use the Annual Report being more accustomed to the indirect method.

We have set out below cashflows from operating activities using the direct method.

8.2 Convertible Notes

2021 Convertible Notes

The Group launched the issue of \$250 million AUD Convertible Notes due 2026 (the "New Notes") on 31 March 2021. These were successfully priced on 1 April 2021 and issued on 8 April 2021. The notes have a coupon of 0.75% per annum, payable on a semi-annual basis, mature on 12 April 2026, are unsubordinated and unsecured, and are listed on the Singapore Exchange. The New Notes have an investor put option with exercise date on or about 12 April 2024, which represent a current obligation for the Group, and are therefore classified as such. Should the investors not exercise their option by 12 March 2024 the Notes will be reclassified to Non-Current. At 31 March 2023, the New Notes were classified as Non-Current.

	30 September 2023 \$m
Proceeds from issue of Convertible Notes	250.0
Transaction costs	(4.6)
Net proceeds from issue of Convertible Notes	245.4
Equity component	(36.8)
Tax effect of equity component	11.0
Transaction costs relating to equity component	0.7

Convertible Notes Interest – amortisation from discount value to par using effective interest rate method	37.6
Interest paid (coupon payments)	(4.6)
Carrying amount of liability component at 30 September 2023	242.3

The interest expense for the period is calculated by applying an effective interest rate of 6.2 per cent to the liability component for the period. The liability component is measured at amortised cost over the term of the Convertible Notes. The difference between the carrying amount of the liability component at the date of issue and the amount reported at 30 September 2023 and 31 March 2023 represents the effective interest rate less interest paid to that date.

8.3 Movement in borrowings

Total borrowings and related derivatives	235.5	6.9	242.4

8.4 Covenant compliance

The Group banking facilities are subject to market standard covenants of net leverage ratio and interest cover ratios.

Webjet Limited has complied with the financial covenants of its borrowing facilities during the current and comparative reporting periods.

9 Issued Capital

During the half-year, the company issued 740,000 ordinary shares for \$2.3 million on exercise of share options previously issued under its long term incentive plan. As a result, \$1 million was transferred from the equity-settled employee benefits reserve to issued capital. The company also issued 2,520,670 ordinary shares on exercise of performance rights. There were no other movements in the ordinary share capital of the company during the current half-year.

10 Basis of preparation and changes to the Group's accounting policies

This general purpose consolidated interim financial report for the half-year ended 30 September 2023 has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The historical cost basis has been used, except for financial instruments that are measured at fair values. The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the consolidated financial statements approximate their fair values. All amounts are presented in Australian dollars, unless otherwise noted.

The consolidated interim financial report does not include notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the most recent annual financial report and any public announcements made by Webjet Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001. The key judgements and estimates have been consistently applied to all periods presented unless otherwise stated.

These consolidated financial statements are prepared on a going concern basis. The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2023 annual financial report for the financial year ended 31 March 2023. The accounting policies are consistent with Australian Accounting Standards and with IFRS Standards.

Rounding of amounts

The company is a company of the kind referred to in ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the half-year financial report are rounded off to the nearest one hundred thousand dollars, unless otherwise indicated.

Adoption of new accounting standards

The following minor amendments to standards became effective and applicable to the Group from 1 April 2023:

- AASB 2021-2 Amendments to Australian Accounting Standards: Disclosure of Accounting Policies and Definition of Accounting Estimates;
- AASB 2021-5 Amendments to Australian Accounting Standards: Deferred Tax related to Assets and Liabilities arising from a Single Transaction;
- AASB 2021-7 Amendments to Australian Accounting Standards: Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections; and
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards.

The application of the above standards and amendments has had no material impact on the disclosures or on the amounts recognised in the consolidated interim financial report.

11 Key management personnel

Remuneration arrangements of Key Management Personnel (KMP) are disclosed in the annual financial report.

During the current period, the Board granted Rights to the executive team (including the KMP and Key staff) vesting upon certain conditions being met. The Managing Director was not eligible to receive these Rights.

The performance Rights (i.e. zero exercise priced options) are subject to certain market, non-market and service conditions. Expected volatility has been formulated with reference to market observations for the Group and the comparator companies. Market-based conditions such as share price and TSR hurdles are incorporated within the valuation of the option or right. Non-market conditions such as tenure and EBITDA performance are not incorporated in the fair valuation of the instruments. Instead they are taken into account in assessing the probability of vesting and therefore the amount of share-based payment expense for the year. No new Rights were issued during the period.

During the half-year period, previously granted rights of 341,670 were converted to ordinary shares by KMP.

12 Subsequent events

Subsequent to the reporting date:

- the Company has extended the maturity of the Revolving Credit Facility held until 8 April 2026, and increased the facility limit to \$100 million;
- the Company has issued 1,763,929 share rights over ordinary shares under its long term incentives plan; and
- a subsidiary of the Company has acquired substantially all of ROOMDEX Inc.'s tangible and intangible business assets for a consideration of US\$0.25 million and assumed certain liabilities.

Other than the above, there has not been any matter or circumstance occurring subsequent to the end of the half-year period that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future periods.

Directors' Declaration.

The directors declare that:

- (a) in the directors' opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable; and
- (b) in the directors' opinion, the attached financial statements and notes thereto are in accordance with the *Corporations Act 2001*, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the consolidated entity for the half year to 30 September 2023.

Signed in accordance with a resolution of the directors made pursuant to section 303 (5) of the *Corporations Act 2001*.
